Because we're using the latest manufacturing technology, our stone is quarried and processed to exact specifications which enables us to supply superior product lines.

From our vendor's quarries located in Italy, Greece, Portugal, Spain, Turkey, Brazil, the Middle East and China, we provide a rich variety of product that comes in a wide assortment of brilliantly infused colours and specialised surface finishes such as polished, honed, brushed, bush-hammered, rustic tumbled etc.

We place the utmost importance on consistent excellence and quality control in all steps of production.

Our goal is always to assure customer satisfaction in variety, colours, finishes, and quality.
